September 16, 2011

Dear Doctor Sadri,

I am writing this letter to let you know how pleased I am with the results of my lens implant surgery. I elected the premium lens implant and the results are truly amazing. I have required corrective eyewear for most of my adult life. The surgery you performed has restored my vision to 20/20 and I no longer require glasses. I am able to read newspapers, label contents, etc with ease.

I am an avid golfer. Since the surgery, my handicap has dropped by three strokes. I credit that to my improved ability to read the greens and see the ball better.

Thank you, and your helpful staff, for correcting my vision problems and improving my quality of life.

Michael L. Kenyon
Fountain Valley, CA.
